

Swiss Financial Accounts

[→ Current issue](#)

[→ Archive](#)

The Swiss financial accounts provide information on the financial relations between the different domestic economic sectors and between Switzerland and the rest of the world. They present the volume and breakdown of the financial assets and liabilities, the financial transactions and the revaluation of items based on exchange rate fluctuations and changes in the valuation of securities.

The financial accounts form part of Switzerland's system of national accounts.

Languages, form of publication

The 'Swiss Financial Accounts' publication is available on the SNB website in German, French and English. The printed version is published in autumn as a supplement to the [Monthly Statistical Bulletin](#).
