### Interest rate decisions

The National Bank communicates its interest rate decisions in the context of the quarterly monetary policy assessment in March, June, September and December. The exact dates are published in the website's time schedule under the heading "monetary policy assessment".

[→ Time schedule](#)

### Events and publications

The website's time schedule provides an overview of all upcoming events (SNB's News Conferences and speeches by top management) in addition to all of the SNB's forthcoming publications.

### Publications alert

To find out when new publications become available on the SNB website, you may take advantage of SNB News Alert, an e-mail service of the Swiss National Bank. The SNB also offers RSS feeds.
