¹ Der Totalindex ist das gewichtete arithmetische Mittel der Indizes pro Hauptgruppe bzw. der Indizes der zusätzlichen Gliederungen.
The total index is the weighted arithmetic average of the indices per main category or the indices of the supplementary classifications.

² Kerninflation 1 = Total ohne frische und saisonale Produkte, Energie und Treibstoffe.
Core inflation 1 = total index excluding fresh and seasonal products, energy and fuels.

³ Kerninflation 2 = Kerninflation 1 ohne Produkte mit administrierten Preisen.
Core inflation 2 = core inflation 1 excluding products with administered prices.
