

1

Corporate governance

1.1 BACKGROUND

The Swiss National Bank is a special-statute joint-stock company that is administered with the cooperation and under the supervision of the Confederation. Its organisational structure and responsibilities are governed by the National Bank Act of 3 October 2003 (NBA) and the ‘Regulations on the organisation of the Swiss National Bank’ of 14 May 2004 (Organisation Regulations). At the SNB, statutes and regulations fulfil the function of articles of association.

Mandate

The SNB’s mandate is derived directly from the Federal Constitution. Under the terms of art. 99 of the Constitution, the SNB is required to pursue a monetary policy that serves the overall interests of the country. In addition, the article enshrines the SNB’s independence and requires it to set aside sufficient currency reserves from its earnings, also specifying that a part of these reserves be held in gold. Finally, the Constitution stipulates that the SNB must allocate at least two-thirds of its net profits to the cantons.

NBA and implementation decrees

The main legislation governing the activities of the SNB is the NBA, which sets out in detail the various elements of the SNB’s constitutional mandate (art. 5) and independence (art. 6). To counterbalance the SNB’s independence, the NBA specifies a duty of accountability and a duty to provide information to the Federal Council, parliament and the public (art. 7). The SNB’s scope of business is outlined in arts. 9–13 NBA. The instruments used by the SNB to implement its monetary policy and for investing its currency reserves are set out in the ‘Guidelines on monetary policy instruments’ and the ‘Investment policy guidelines’.

The NBA also sets out the legal basis for the collection of statistical data on financial markets, the imposition of minimum reserve requirements on banks and the oversight of financial market infrastructures. Provisions governing the implementation of these statutory powers may be found in the National Bank Ordinance (NBO) issued by the SNB Governing Board.

Finally, the NBA lays down the foundations of the SNB’s organisational structure (arts. 3, 33–48).

The Ordinance against Excessive Remuneration in Listed Companies Limited by Shares (ERCO) does not apply to the SNB, since the SNB is not a company limited by shares within the meaning of arts. 620–763 CO. Where the NBA leaves room for manoeuvre, the SNB implements the ERCO requirements. This applies especially to the prohibition of voting rights for corporate bodies and deposited shares, as well as the requirements regarding independent proxy voting and the proxy's powers.

For a period starting three weeks before a scheduled monetary policy decision and ending one day after the publication of that decision, staff members taking part in the preparation and/or making of the monetary policy decision are prohibited from initiating or carrying out any private financial investment transactions. This provision does not apply to payments into pension funds.

Black-out periods

1.2 SHAREHOLDERS

The share capital of the SNB amounts to CHF 25 million and is fully paid up. It is divided into 100,000 registered shares with a nominal value of CHF 250 each. SNB registered shares are traded on the Swiss stock exchange (SIX Swiss Exchange) under the Swiss Reporting Standard.

Listed registered shares

In 2022, the cantons and cantonal banks increased their shareholdings by a total of 160 shares; at the end of 2022, they held 50.9% of the share capital, compared to 50.8% one year earlier. Of the remaining registered shares, which make up 27.0% of the share capital (2021: 26.1%), 26,652 shares are owned by private sector shareholders (2021: 25,784). Of these, 14,686 are voting shares (2021: 14,276). The proportion of shares not entered in the share register (shares pending registration of transfer) decreased from 23.1% to 22.0% year-on-year.

Total voting stock increased slightly compared to the previous year. At the end of 2022, 26 cantons (2021: 26) and 24 cantonal banks (2021: 24) held 77.2% of the voting shares (2021: 77.6%), while private sector shareholders accounted for 22.3% of voting rights (2021: 21.8%). The Confederation is not a shareholder.

The major shareholders were the Canton of Berne with 6.63% of the share capital (6,630 shares), the Canton of Zurich with 5.20% (5,200 shares), Theo Siegert (Düsseldorf) with 5.01% (5,010 shares), the Canton of Vaud with 3.40% (3,401 shares) and the Canton of St Gallen with 3.00% (3,002 shares).

In 2022, the members of the Bank Council did not hold any SNB shares. According to the 'Code of Conduct for members of the Bank Council', Bank Council members may not hold such shares. At 31 December 2022, a member of the Enlarged Governing Board and a party related to a member of the Governing Board held one share each.

Shareholder rights

Shareholder rights are governed by the NBA, with the provisions of company law only being complementary to those of the NBA. As the SNB fulfils a public mandate and is administered with the cooperation and under the supervision of the Confederation, these rights are restricted as compared with a joint-stock company under private law. For shareholders from outside the public sector, voting rights are limited to 100 shares. Dividends may not exceed 6% of the share capital. Of the remaining distributable net profit, one-third accrues to the Confederation, and two-thirds to the cantons.

The business report and the annual financial statements must be approved by the Federal Council before being submitted to the General Meeting of Shareholders for its approval. Other provisions on the General Meeting of Shareholders that deviate from company law concern its convocation, agenda and adoption of resolutions. Agenda items with motions must be signed by at least 20 shareholders and submitted to the President of the Bank Council in writing and in good time before invitations are sent out.

Notifications

Notifications to shareholders are generally communicated in writing to the address listed in the share register, and by one-off publication in the Swiss Official Gazette of Commerce. They relate exclusively to information which is also available to the public.

Independent proxy

Powers of attorney and instructions can be issued to the independent proxy, either in writing or electronically.

1.3 ORGANISATIONAL STRUCTURE

The SNB has two head offices, one in Berne and one in Zurich. It is divided into three departments. For the most part, the organisational units of Departments I and III are located in Zurich, while those of Department II are mainly in Berne. Each of the three departments is headed by a member of the Governing Board and is assigned up to two alternate members of the Governing Board.

Departments

The Singapore branch office enables the SNB to efficiently manage the Asia-Pacific part of its foreign exchange reserves and also serves in the implementation of monetary policy. Furthermore, this local presence allows in-depth monitoring and analysis of financial market developments and promotes understanding of market and economic conditions within the Asia-Pacific region.

Branch office

The delegates for regional economic relations are responsible for monitoring economic developments and explaining the SNB's monetary policy in the regions. In addition to the head offices in Berne and Zurich, the SNB therefore maintains representative offices in Basel, Geneva, Lausanne, Lucerne, Lugano and St Gallen. The delegates are supported by the Regional Economic Councils, which analyse the economic situation and the effect of monetary policy in their regions and report the results to the Governing Board. The Regional Economic Councils also regularly exchange information with the delegates.

Representative offices

The SNB maintains 13 agencies for the receipt and distribution of banknotes and coins. These agencies are run by cantonal banks.

Agencies

1.4 CORPORATE BODIES AND RESPONSIBILITIES

The corporate bodies of the SNB are the General Meeting of Shareholders, the Bank Council, the Governing Board and the External Auditor. The composition of these bodies is described on pp. 222–223.

The General Meeting of Shareholders elects five of the Bank Council's eleven members (via separate ballot per member) and appoints the External Auditor. It approves the business report and the annual financial statements, and grants discharge to the Bank Council. Furthermore, within the context of the profit appropriation, the General Meeting of Shareholders determines the dividend. This may not exceed 6% of the share capital.

General Meeting
of Shareholders

The 2022 General Meeting of Shareholders was held at the Kursaal Bern Congress Centre in the usual manner, following two years in which it had to be held without shareholders attending in person due to the coronavirus pandemic.

Bank Council

The Bank Council is the SNB's supervisory and control body. Six of its members are elected by the Federal Council; five by the General Meeting of Shareholders. The Federal Council is also responsible for appointing the President and Vice President. The Bank Council oversees and controls the conduct of business by the SNB. The individual tasks of the Bank Council are described in art. 42 NBA and art. 10 of the Organisation Regulations. The Bank Council's responsibilities cover, in particular, the determination of the basic principles according to which the SNB should be organised (including the structure of its accounting and financial control systems and its financial planning) and the approval of the budget and the provisions for currency reserves (art. 30 NBA). The Bank Council also assesses risk management and the basic principles underlying the investment process, and is kept informed of the SNB's operational resource strategies. The Bank Council submits proposals to the Federal Council for the appointment of Governing Board members and their deputies. It determines, in a set of regulations, the remuneration of its own members, and the remuneration of Governing Board members and their deputies. Finally, the Bank Council approves the agreement with the Federal Department of Finance (FDF) on profit distribution, decides on the design of banknotes and appoints the members of the Regional Economic Councils. Monetary policy does not form part of its remit; this falls to the Governing Board.

Bank Council activities

In 2022, the Bank Council held six meetings (in March, April, May, June, September and December), all of which were attended by the members of the Governing Board.

The Bank Council took note of the accountability report for 2021 submitted to the Federal Assembly and approved the financial report for 2021 for submission to the Federal Council and the General Meeting of Shareholders. It discussed the reports submitted by the External Auditor to the Bank Council and the General Meeting of Shareholders, as well as the Internal Audit annual report, and took note of the annual reports on financial and operational risks, the annual report of the Compliance unit, and the 2021 annual report of the pension fund. It also prepared the 2022 General Meeting of Shareholders and approved the 2021 budget statement as well as the 2023 budget, taking note of the medium-term resource and performance management plan.

Furthermore, the Bank Council proposed to the 2022 General Meeting of Shareholders the election of a new member of the Bank Council for the remainder of the 2020–2024 term of office.

The Bank Council also decided to propose to the 2023 General Meeting of Shareholders that Angelo Ranaldo, Professor of Finance and Systemic Risk at the University of St. Gallen, be elected to the Bank Council for the remainder of the 2020–2024 term of office. With effect from 1 May 2023, Angelo Ranaldo will succeed Cédric Tille, who will be stepping down at the end of April 2023 due to the statutory limit on the maximum term of office.

The Bank Council also bid farewell to Vice Chairman of the Governing Board Fritz Zurbrügg in mid-2022. It proposed to the Federal Council that Martin Schlegel, then Alternate Member of the Governing Board, be appointed as Member of the Governing Board with effect from 1 August 2022 for the remainder of the 2021–2027 term of office.

In addition, the Bank Council approved a partial revision of the SNB's Organisation Regulations for submission to the Federal Council. The Federal Council approved this revision on 4 May 2022. The partial revision allows for an increase in the number of alternate members of the Governing Board to up to two deputies per department.

In line with the revised Organisation Regulations, the Bank Council decided to propose to the Federal Council that Petra Gerlach and Attilio Zanetti be appointed as Alternate Members of the Governing Board with effect from 1 August 2022 for the remainder of the 2021–2027 term of office. The Bank Council subsequently appointed Petra Gerlach and Attilio Zanetti as deputies to the Head of Department I.

The Bank Council was briefed on the completion of the 'HR processes and strategies' project, in which it had participated through an ad hoc committee. It was also informed about the updated IT strategy, and about the status of the 'SNB Berne visitor centre' project in 2021.

Furthermore, the Bank Council approved the revision to the 'Regulations on private financial investments and financial transactions by members of SNB management' as well as revisions to various regulations to reflect gender-neutral language.

The Bank Council determined the membership of its committees for the 2022–2023 term of office as well as the members of the Regional Economic Councils applicable from the 2022 General Meeting of Shareholders.

Moreover, the Bank Council conducted discussions on investment policy and was briefed on HR key figures and the SNB's preparations for a potential power shortage.

Finally, the Bank Council approved the level of provisions for currency reserves.

Bank Council committees

The Bank Council has an Audit Committee, a Risk Committee, a Compensation Committee and a Nomination Committee, each of which has three members.

The Audit Committee supports the Bank Council in monitoring financial reporting, and oversees the activities of the External Auditor and the Internal Audit unit. It also assesses the appropriateness and efficacy of the internal control system (ICS), in particular regarding the processes for managing operational risk and ensuring compliance with laws, regulations and directives.

The Risk Committee assists the Bank Council in monitoring risk management and in assessing the governance of the investment process. The Audit Committee and the Risk Committee coordinate their activities and collaborate in areas where their tasks overlap.

The Compensation Committee supports the Bank Council in determining the principles of the SNB's compensation and salary policy, and submits proposals to the Bank Council regarding the salaries of Governing Board members and their deputies.

The Nomination Committee submits proposals to the Bank Council for those Bank Council members who are elected by the General Meeting of Shareholders, and for members of the Governing Board and their deputies, who are appointed by the Federal Council.

The Audit Committee held five meetings in 2022, all of which were attended by the External Auditor. The Risk Committee met four times, the Compensation Committee once, and the Nomination Committee seven times.

The Governing Board is the SNB's highest management and executive body. Its three members are appointed for a six-year term by the Federal Council on the recommendation of the Bank Council. The Governing Board is responsible, in particular, for monetary policy, asset management strategy, contributing to the stability of the financial system, and international monetary cooperation.

Executive management

The Enlarged Governing Board is made up of the three Governing Board members and their deputies. It issues the strategic guidelines for the SNB's business operations.

The Board of Deputies is responsible for the planning and implementation of the strategic guidelines for the SNB's business operations. It ensures coordination in all operational matters of interdepartmental importance.

The External Auditor examines whether the accounting records, the annual financial statements and the proposal for the appropriation of the net profit are in accordance with statutory requirements. To this end, it is entitled to inspect the SNB's business activities at any time. It is appointed by the General Meeting of Shareholders for a term of one year. The auditors must meet special professional qualifications pursuant to art. 727b CO, and must be independent of the Bank Council, the Governing Board and the controlling shareholders.

External Auditor

KPMG Ltd has been the SNB's External Auditor since 2015 and was reappointed by the General Meeting of Shareholders for the 2022–2023 term of office. Erich Schärli has been the auditor in charge since the 2022 General Meeting of Shareholders. The role of auditor in charge was rotated in compliance with the regulations on terms of office; as stipulated in the Swiss Code of Obligations, this mandate can be exercised for seven years at the most. Auditing fees for the 2022 financial year amounted to CHF 0.3 million (2021: CHF 0.3 million). Once again, KPMG Ltd provided no consulting services for the SNB in 2022.

The Internal Audit unit is an independent instrument for overseeing and monitoring the SNB's business activities. It reports to the Audit Committee of the Bank Council.

Internal Audit

1.5 REMUNERATION REPORT

Remuneration	<p>When remunerating the members of the Bank Council and the Enlarged Governing Board, the Bank Council is required to comply analogously with the Confederation's principles governing the remuneration and other contractual conditions for senior staff and management officers of federal enterprises and institutions, as outlined in art. 6a of the Federal Personnel Act. The Bank Council laid down the principles governing remuneration in the 'Regulations on the compensation of SNB supervisory and executive bodies' of 14 May 2004 (Compensation regulations).</p> <p>Remuneration and compensation remitted in 2022 are listed in the tables on pp. 203–204.</p>
Bank Council	<p>The compensation for members of the Bank Council is made up of a fixed annual remuneration plus per diem payments for special assignments and committee meetings. No compensation is due for committee meetings that are held on the same day as Bank Council meetings.</p>
Executive management	<p>The remuneration paid to members of the Enlarged Governing Board comprises a salary and a lump sum for representation expenses. It is based on the level of remuneration in other financial sector companies of a similar size and complexity, and in large federally run companies.</p>
Regional Economic Councils	<p>Information on the remuneration for members of the Regional Economic Councils can be found on p. 203.</p>
Severance payments and compensation for restrictions	<p>The SNB does not make severance payments to departing members of the Bank Council. In accordance with the SNB's Regulations on the Governing Board, members of the Governing Board and their deputies are understood to be employed for a further six months after their term of office has come to an end, although they will be released from their duties during these six months ('cooling-off period'). The continuation of salary payments during this period of release from duties compensates them for any restrictions imposed on them after the end of their term of office. If a member of the Enlarged Governing Board is not reappointed or is removed from office, the Bank Council may grant a severance payment amounting to a maximum of one year's salary. The same applies in the case of retirement or termination of employment of a member of the Enlarged Governing Board in the interest of the bank.</p>

1.6 INTERNAL CONTROL SYSTEM

The ICS comprises all the control structures and processes which ensure orderly procedures for operational activities and contribute to the attainment of business goals.

Aim and purpose

The ICS makes a major contribution towards compliance with legal requirements and internal specifications, the prudential protection of corporate assets, the prevention, reduction and disclosure of errors and irregularities, as well as ensuring that accounts are reliable and complete, that reporting is timely and dependable, and that the bankwide management of risk is appropriate and efficient.

The ICS comprises the management of financial risk, operational risk, compliance risk and risk associated with financial reporting pursuant to art. 728a CO.

Elements

The ICS is divided into three levels. The three organisationally separate levels are line management, risk monitoring and internal audit.

Organisation

The first level is ensured through the line management's responsibility to provide verification of its duty of care and orderly business procedures. Organisational units define their structures and procedures so as to ensure that tasks are carried out efficiently and their objectives achieved. To this end, they specify operational goals and control measures to manage the risks they are exposed to in their business activities.

First level

The second level is risk monitoring. The units responsible (Operational Risk and Security, Compliance, and Risk Management) advise and support line managers in the management of risk in their units. They monitor and report on the appropriateness and efficacy of risk management. In addition, they make their own assessment of the risk situation. They draw up specifications and measures to identify and limit risk, and submit corresponding proposals to executive management.

Second level

Third level	<p>Finally, at a third, independent level, Internal Audit examines the SNB's business activities by applying a systematic and targeted approach to assessing and helping to improve the effectiveness of risk management and processes for internal monitoring, control and governance. Internal Audit's approach is first and foremost risk-oriented.</p>
Responsibilities of Bank Council and executive management	<p>The Bank Council and, in particular, its Audit Committee and Risk Committee, assess the appropriateness and efficacy of the ICS and satisfy themselves with regard to the security and integrity of the business processes.</p> <p>The Enlarged Governing Board approves strategies for the SNB's business operations.</p> <p>The Board of Deputies approves the specifications with respect to the ICS and ensures compliance therewith. To this end, it issues directives and guidelines on operational management.</p>
Reporting	<p>Individual reports on the monitoring of financial, operational and compliance risks are submitted via the ICS to executive management and the Bank Council on an annual basis. In addition, Internal Audit communicates its audit findings to executive management and to the Bank Council's Audit Committee at least twice a year.</p>
ICS for financial reporting	<p>The SNB has extensive control mechanisms in place for the prevention or early identification of errors in financial reporting (accounting procedures and bookkeeping). This ensures that the SNB's financial position is correctly reported. Together, these controls make up the ICS for financial reporting, which is managed by the Accounting unit.</p>

1.7 RISK MANAGEMENT

In fulfilling its statutory mandate, the SNB incurs various risks. These include financial risks in the form of market, credit, country and liquidity risks. It is also exposed to compliance and operational risks. These include personal injury, financial loss or reputational damage arising as a result of inadequate internal processes, incorrect reporting, a lack of – or disregard for – regulations or rules of conduct, insufficient oversight, technical failure and the impact of various external events.

Risks

The Bank Council oversees and monitors the conduct of business by the SNB. It is responsible for assessing risk management and monitors its implementation. The Risk Committee and the Audit Committee discuss the risk reports and support the Bank Council in overseeing risk management.

Assessment of risk management

The Governing Board issues the ‘Investment Policy Guidelines of the Swiss National Bank (SNB)’ and annually determines the strategy for the investment of assets. In so doing, it determines the framework for the financial risks associated with investments.

Risk strategy

The Enlarged Governing Board approves strategies for business operations and has strategic responsibility for the management of operational and compliance risks. It defines the corresponding guidelines.

Financial risk associated with investment is continuously monitored by the Risk Management unit. Each quarter, the Governing Board discusses the reports on investment activities and risk management. The Risk Management unit’s reports are discussed by the Risk Committee of the Bank Council, and the annual report on financial risk is also discussed by the Bank Council. Details of the investment and risk control process for financial investments can be found in chapter 5 of the accountability report. If necessary, the Head of Risk Management can also brief the Chair of the Governing Board and the Chair of the Risk Committee directly.

Monitoring of financial risks

Monitoring of operational risks

The department heads ensure implementation of the operational risk guidelines issued by the Enlarged Governing Board in their organisational units. Management of operational risk is the responsibility of line managers.

Operational risk, which specifically includes cybersecurity, information security, business continuity management and operational security, is monitored by the Operational Risk and Security unit. The Board of Deputies is responsible for the management and control of operational risk. It prepares the relevant guidelines, is responsible for their implementation throughout the SNB, and ensures reporting to the Enlarged Governing Board. The Audit Committee discusses the business report on the management of operational risk before it is submitted to the Bank Council. The Risk Committee and the Audit Committee are jointly responsible for monitoring operational risk arising from the SNB's investment activities.

Monitoring of compliance risks

The department heads ensure implementation of the compliance risk guidelines issued by the Bank Council, the Enlarged Governing Board and the Board of Deputies in their respective organisational units. Management of compliance risk is the responsibility of line managers.

Compliance risk is monitored by the Compliance unit and, where it overlaps with operational risk, by the Operational Risk and Security unit. The Compliance unit advises and supports the department heads, line managers and staff with regard to the handling of compliance risks. It monitors the appropriateness of, and adherence to, rules of conduct and specifications, and reports on the status of compliance risks arising from the disregard for rules of conduct and specifications. The Compliance unit operates the electronic reporting platform, where employees can submit reports on rule violations. In connection with its responsibilities, the Compliance unit may at any time approach the Chair of the Audit Committee or where appropriate the President of the Bank Council, should this prove necessary. The Compliance unit submits a report on its activities annually to executive management, the Audit Committee and the Bank Council.

The following table summarises the organisation of risk management.

ORGANISATION OF RISK MANAGEMENT

	Specifications	Risk management (first level)	Independent oversight (second level)	Supervisory bodies of the Bank Council
Financial risk	Governing Board	Line management	Risk Management unit	Risk Committee
Operational risk	Enlarged Governing Board, Board of Deputies	Line management	Operational Risk and Security unit	Audit Committee, Risk Committee
Compliance risk	Bank Council and Enlarged Governing Board, Board of Deputies	Line management	Compliance unit, Operational Risk and Security unit	Audit Committee
