

Entry into force  
27 June 2022

---

## **Instruction sheet on exchanging worn coins and coins withdrawn from circulation**

The provisions in this instruction sheet apply from 20 June 2022.

The content of this instruction sheet refers to the SNB's Provisions on coin deliveries.

### **1. Coins eligible for exchange**

The Swiss National Bank will replace the coins listed below.

#### **1.1. Worn coins**

Worn coins are defined as being those coins that show signs of wear as a result of normal use in payment transactions over the course of time. They must be identifiable as individual coins, but no longer suitable for further use in payment transactions due to their condition. Examples of such wear include discolouration, scratch marks, soiling, bends and dents, or detail on obverse/reverse having been worn away through use.

#### **1.2. Coins withdrawn from circulation**

Regular issue coins withdrawn from circulation can be exchanged at the SNB for their nominal value for 20 years after the withdrawal date. There is no deadline for exchanging coins that have been withdrawn from circulation but which have the same size and face as the coins still in circulation, e.g. silver-coloured 5-centime coins and silver coins of 50 centimes to 5 francs.

### **1.2.1. 1-centime coins**

The 1-centime coins were withdrawn from circulation on 1 January 2007. They will be exchanged at their nominal value by the SNB until 31 December 2026.

### **1.2.2. 5-centime coins**

The 5-centime coins minted in pure nickel in the years 1932–1939 and 1941 and those minted in copper-nickel in 1879–1931, 1940 and 1942–1980 were legal tender until 31 December 1983; they were withdrawn from circulation on 1 January 1984. Since they have the same size and face as the coins still in circulation, they will be exchanged by the SNB at their nominal value for an unlimited period of time.

### **1.2.3. Silver coins**

The following silver coins were withdrawn from circulation on 1 April 1971. Since they have the same size and face as the coins still in circulation, they will be exchanged by the SNB at their nominal value for an unlimited period of time.

- 5-franc coins (including commemorative coins) minted between 1931 and 1967 and in 1969
- 2-franc coins minted between 1874 and 1967
- 1-franc coins minted between 1875 and 1967
- 1/2-franc coins minted between 1875 and 1967

## **1.3. Commemorative coins**

Commemorative coins issued by the Swiss Confederation can be exchanged at their nominal value at the SNB's cashier's offices or agencies.

## **2. Worthless coins**

### **2.1. 2-centime coins**

The 2-centime coins minted between 1948 and 1974 were withdrawn from circulation on 1 January 1978. They were exchanged by the Swiss Federal Cash Office (Eidgenössische Staatskasse) at their nominal value until 30 June 1979.

Although worthless, the 2-centime coins may still have collector's value. Unlike numismatists, antique shops or banks, the SNB does not deal in worthless coins.

## **3. Duty of due diligence**

In its efforts to safeguard the standing of the Swiss financial centre and to fulfil its duty of due diligence, the SNB may make the exchange of coins dependent on further clarifications.

These may include identification of the submitting party as well as establishment of the beneficial owner's identity and additional clarifications.

## 4. Restrictions on quantity and countervalue

### 4.1. Cash exchange

Coins eligible for exchange can be presented loose and exchanged for cash up to a total of 500 coins, provided the countervalue is less than CHF 1,000.

Repeated exchange transactions, irrespective of the quantity or countervalue, will be accepted for encashment or require an exceptional ruling from the SNB.

### 4.2. Encashment

In the case of larger quantities of coins, or if the countervalue is CHF 1,000 or higher, the coins eligible for exchange will not be reimbursed as part of a cash exchange and must instead be submitted for encashment. The '[Request for the replacement of damaged coins](#)' form must be submitted together with these coins. Once the coins have passed examination, the nominal value will be transferred to your bank or postal account. The following details must be provided for the transfer to be made:

- **Switzerland:**  
Address (full name, first name, address of domicile including country);  
IBAN of the account in your name;  
Name and full address of the bank where the account is held.
- **Europe:**  
Address (full name, first name, address of domicile including country);  
IBAN of the account in your name;  
SWIFT BIC, name and full address of the bank where the account is held.
- **Other countries:**  
Address (full name, first name, address of domicile including country);  
Account number (if possible IBAN) of the account in your name;  
SWIFT BIC, name and full address of the bank where the account is held.  
  
IBAN = International Bank Account Number  
BIC = Bank Identifier Code (SWIFT)

If you have questions concerning the required details, please contact the bank where your account is held.

## 5. Exchange at SNB counters

Coins that are eligible for exchange may be presented at one of the counters listed below.

Larger quantities of coins that are worn / withdrawn from circulation (over 25 kg) may only be submitted in Berne, following prior notification and subject to further conditions being met (packaging, delivery). The prior notification should be sent by email to [bargeld@snb.ch](mailto:bargeld@snb.ch).
