

SNB News Alert Service

The SNB News Alert Service sends e-mails to registered users when selected content on the SNB website (www.snb.ch) changes or new content is added.

Registration

1. In your web browser, navigate to www.snb.ch/en/ifor/media/id/news_alert and choose "Sign up".
2. At this point you may choose your subscriptions in the "My Subscription" form (see points 2–4 of "Administration of Subscriptions", below) or wait until your registration is active. By default, you are not subscribed to any items.
3. Switch to the "My Profile" form, fill in the mandatory fields marked with an asterisk (*) and optionally any other fields.
4. Confirm by selecting "Save". At this point, the service will send an e-mail to the registered address and ask you to activate your registration. Please contact us if you do not receive this activation e-mail or if you experience any other problems during the process.
5. Upon successful activation you will receive e-mail alerts for the subscribed items. You can change your subscriptions at any time (see below).
6. The "Log Off" button will return you to the SNB website.

Administration of Subscriptions

1. In your web browser, navigate to www.snb.ch/en/ifor/media/id/news_alert
2. Choose the appropriate language tab in the "My Subscription" form.
3. You have the option of subscribing to all the items or only to a subset.
4. Confirm by selecting "Save".
5. The "Log Off" button will return you to the SNB website.
