## Reclassifications in securities statistics (tables D51 to D52a)

Major reclassifications of securities holdings took place between February and March 2011 as the result of reallocations of securities holders from the commercial customers sector to the institutional investors sector. This affected almost all categories of securities, as well as the following currencies: USD, CHF and EUR. The reclassifications were particularly evident in the following items:

- Non-resident institutional investors, securities of foreign issuers:  
up by about CHF 13 billion,
- Non-resident institutional investors, securities of domestic issuers:  
up by about CHF 3 billion,
- Resident institutional investors (financial and asset management institutions), securities of both domestic and foreign issuers:  
up by about CHF 5 billion.

### Rundungsdifferenzen

Die in den Tabellen aufgeführten Beträge sind gerundet. Wo solche gerundeten Werte in Berechnungen einfließen (Totale, Saldi, Veränderungsraten, Anteile), können daher Abweichungen von den exakten Werten auftreten.

### Rounding differences

The figures in the tables are rounded. Where rounded figures are used in calculations (totals, balances, rates of change, shares), deviations from the exact values can result.

### Auskunft

### Further information

### Redaktionsschluss

Die Tabellen werden Mitte Monat abgeschlossen. Später verfügbare Daten werden soweit möglich berücksichtigt.

### Editorial deadline

The table updates are completed at mid-month. Data that become available subsequently are included wherever possible.

## Internet

### Das Statistische Monatsheft im Internet

Die Tabellen des *Statistischen Monatshefts* finden Sie auch im Internet unter [www.snb.ch](http://www.snb.ch), *Publikationen, Statistisches Monatsheft*. Die Daten werden dort monatlich fortgeschrieben.

### The Monthly Statistical Bulletin on the internet

The tables published in the *Monthly Statistical Bulletin* are also available on the internet at [www.snb.ch](http://www.snb.ch), *Publications, Monthly Statistical Bulletin*, and are updated on a monthly basis.

Zudem werden im Internet auch Tabellen publiziert, auf die im gedruckten Monatsheft aus Platzgründen verzichtet werden muss. Die betreffenden Tabellen sind an der alphanumerischen Ergänzung der Tabellenummer erkennbar (Beispiel: F2a, F2b, F2c als Erweiterung von Tabelle F2). Diese zusätzlichen Tabellen sind im Inhaltsverzeichnis mit dem Begriff *Internet* anstelle einer Seitenzahl gekennzeichnet.

Moreover, some tables that are not included in the printed version of the *Monthly Statistical Bulletin* due to lack of space are published on the internet. The tables in question can be identified by the letters appended to the table numbers (e.g. F2a, F2b and F2c as an extension of table F2). In the table of contents, *Internet* is added next to these supplementary tables instead of the page number.

<sup>1</sup> Daten für 1999 und frühere Jahre teilweise geschätzt.  
Some of the figures for 1999 and previous years are estimates.

<sup>2</sup> Bis zum 2. Quartal 2004 wurden die Vertragsverhältnisse gezählt. Die Daten ab dem 3. Quartal 2004 beziehen sich auf die Anzahl Akzeptanzstellen (Verkaufsstellen), welche die Zahl der Vertragsverhältnisse übersteigt.

The contractual relationships were counted up until the second quarter of 2004. The data as of the third quarter refer to the number of terminals (points of sale) that exceed the number of contractual relationships.

<sup>3</sup> Ein Erfassungsgerät am Verkaufsort (EFTPOS) kann Debitkarten verschiedener Debitkartenorganisationen verarbeiten. Gezählt werden deshalb nicht die Geräte, sondern die Verarbeitungsmöglichkeiten.

An EFTPOS (electronic funds transfer at point of sale) terminal may process debit cards from different debit card companies. Therefore, the number of card-processing possibilities is counted rather than the number of terminals.

<sup>4</sup> ATM: Automated Teller Machines.

<sup>5</sup> Da eine Verkaufsstelle Kredit- bzw. Debitkarten verschiedener Kartenorganisationen akzeptieren kann, enthalten die Daten Mehrfachzählungen.  
Since a point of sale may accept credit or debit cards from different card companies, the data include multiple counts.

<sup>6</sup> Erweiterung des Erhebungskreises im Januar 2008.  
In January 2008, the number of companies included in the survey was increased.

<sup>7</sup> Im November und Dezember 2009 beinhaltet die Anzahl Akzeptanzstellen nicht alle Kreditkartenorganisationen.  
In November and December 2009, the number of terminals (points of sale) does not comprise all credit card companies.

<sup>10</sup> Ab März 2011 nimmt eine Grossbank bei den übrigen Verpflichtungen gegenüber Kunden eine Umteilung vor. Gelder in der Höhe von rund 33 Mrd. CHF (hauptsächlich USD und EUR), die zuvor unter dem Inland ausgewiesen worden sind, werden nun korrekt dem Ausland zugewiesen.

As of March 2011, one of the big banks is carrying out a reallocation of other liabilities towards customers. Amounts totalling some CHF 33 billion (mainly USD and EUR), which were previously stated in the domestic category, will now be correctly allocated to the foreign category.

<sup>11</sup> Vor Dezember 1996 Anleihen und Pfandbriefdarlehen nur insgesamt verfügbar (keine Unterteilung in In- und Ausland).

Prior to December 1996, separate figures for domestic Bonds/mortgage bonds are not available.

<sup>1</sup> Die Zahlen basieren auf der Monatserhebung. Diese deckt rund 95% des Depotwertes der jährlichen Vollerhebung ab. Per Ende Dezember 2009 wurde der Kreis der meldepflichtigen Institute angepasst. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Die Erhebung unterliegt zudem Umteilungen in der Klassierung von Kunden und Wertpapieren. Weitere Angaben finden sich in den Informationen zu SNB-Statistiken.

Data are based on monthly statistics, which cover approximately 95% of the custody account value established in the comprehensive annual statistics. The reporting population was adjusted with effect from the end of December 2009. Consequently, time series comparisons for some of the data are difficult. In addition, reallocations have been carried out in the customer and securities classifications within the survey. For more details, cf. information on SNB statistics in the *Monthly Statistical Bulletin*.

<sup>2</sup> Die Erhebung der Wertschriftenbestände wurde im März 2005 angepasst. Dabei aktualisierten einige Bankeninstitute die Kategorisierung der Sektoren und der Wertschriften. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Adjustments were made to the reporting of holdings of securities in March 2005, when a number of banking institutions updated the breakdown of their sectoral and securities reporting. Consequently, time series comparisons for some of the data are difficult.

<sup>3</sup> Inklusive Kassenobligationen, kündbare Obligationen, Notes, Wandel- und Optionsanleihen. Ab Dezember 2008 inklusive in Kontenform geführte Kassenobligationen. Including medium-term bank-issued notes, bonds subject to notice of termination, notes, convertible bonds and warrant issues. As of December 2008, including medium-term bank-issued notes managed in the form of an account.

Cf. footnote 4, page 52.

<sup>5</sup> Inklusive Partizipations- und Genussscheine. Bis November 2007 inklusive Anteile an kollektiven Kapitalanlagen mit Closed-End-Struktur. Ab Dezember 2007 werden die Anteile an kollektiven Kapitalanlagen mit Closed-End-Struktur unter den *Anteilen an Kollektivanlagen* ausgewiesen. Ab Dezember 2008 inklusive Bezugsrechte. Including participation certificates and dividend-right certificates. Until November 2007, including units in collective investment schemes with a closed-end structure. As of December 2007, units in collective investment schemes with a closed-end structure are shown under *units in collective investment schemes*. As of December 2008, including subscription rights.

<sup>7</sup> Bis Februar 2005 wurden unter der Wertschriftenkategorie *Anlagefondszertifikate* teilweise auch *Anteile an übrigen kollektiven Kapitalanlagen* mit Open-End-Struktur gemeldet. Von März 2005 bis November 2007 wurden unter der Wertschriftenkategorie *Anteile an schweizerischen Anlagefonds* ausschliesslich Anteile an Anlagefonds gemäss schweizerischen Anlagefondsgesetz (AFG) ausgewiesen. Ab Dezember 2007 werden *Schweizerische Kollektivanlagen* gemäss KAG (Kollektivanlagengesetz) erfasst. Diese umfassen neben den vertraglichen Anlagefonds auch Investmentgesellschaften mit variablem Kapital (SICAV) (open-end), geschlossene kollektive Kapitalanlagen (closed-end) in der Form von Kommanditgesellschaften für kollektive Kapitalanlagen (KGK) und nicht kotierte Investmentgesellschaften mit festem Kapital (SICAF).

Until February 2005, the *investment fund certificates* securities category also included some data on *units in other collective investment schemes* with an open-end structure. From March 2005 to November 2007, the *units in Swiss investment funds* securities category contained exclusively investment fund units as specified in the Swiss Investment Fund Act. As of December 2007, *Swiss collective investment schemes pursuant to CISA* (Collective Investment Schemes Act) are recorded. They contain contractual investment funds, investment companies with variable capital (SICAV) (open-end), closed collective capital investments (closed-end) in the form of limited partnerships for collective capital investments and non-listed investment companies with fixed capital (SICAF).

<sup>1</sup> Die Zahlen basieren auf der Monatserhebung. Diese deckt rund 95% des Depotwertes der jährlichen Vollerhebung ab. Per Ende Dezember 2009 wurde der Kreis der meldepflichtigen Institute angepasst. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Die Erhebung unterliegt zudem Umteilungen in der Klassierung von Kunden und Wertpapieren. Weitere Angaben finden sich in den Informationen zu SNB-Statistiken.

Data are based on monthly statistics, which cover approximately 95% of the custody account value established in the comprehensive annual statistics. The reporting population was adjusted with effect from the end of December 2009. Consequently, time series comparisons for some of the data are difficult. In addition, reallocations have been carried out in the customer and securities classifications within the survey. For more details, cf. information on SNB statistics in the *Monthly Statistical Bulletin*.

<sup>2</sup> Die Erhebung der Wertschriftenbestände wurde im März 2005 angepasst. Dabei aktualisierten einige Bankeninstitute die Kategorisierung der Sektoren und der Wertschriften. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig.

Adjustments were made to the reporting of holdings of securities in March 2005, when a number of banking institutions updated the breakdown of their sectoral and securities reporting. Consequently, time series comparisons for some of the data are difficult.

<sup>3</sup> Inklusive Kassenobligationen, kündbare Obligationen, Notes, Wandel- und Optionsanleihen. Ab Dezember 2008 inklusive in Kontenform geführte Kassenobligationen. Including medium-term bank-issued notes, bonds subject to notice of termination, notes, convertible bonds and warrant issues. As of December 2008, including medium-term bank-issued notes managed in the form of an account.

<sup>4</sup> Die Klärung von Abgrenzungsfragen hat zu Verschiebungen zwischen den Obligationen resp. den Anteilen an Kollektivanlagen und den strukturierten Produkten geführt. Ein Vergleich der Daten vor und nach Juli 2009 ist deshalb schwierig.

Clarification of definition issues has led to shifts between bonds and units in collective investment schemes, on the one hand, and structured products, on the other, which makes it difficult to compare data from before and after July 2009.

<sup>5</sup> Inklusive Partizipations- und Genussscheine. Bis November 2007 inklusive Anteile an kollektiven Kapitalanlagen mit Closed-End-Struktur. Ab Dezember 2007 werden die Anteile an kollektiven Kapitalanlagen mit Closed-End-Struktur unter den Anteilen an Kollektivanlagen ausgewiesen. Ab Dezember 2008 inklusive Bezugsrechte.

Anteile an Kollektivanlagen mit Closed-End-Struktur wurden unter den Aktien verbucht. <sup>1</sup> Die Zahlen basieren auf der Monatserhebung. Diese deckt rund 95% des Depotwertes der jährlichen Vollerhebung ab. Per Ende Dezember 2009 wurde der Kreis der meldepflichtigen Institute angepasst. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Die Erhebung unterliegt zudem Umteilungen in der Klassierung von Kunden und Wertpapieren. Weitere Angaben finden sich in den Informationen zu SNB-Statistiken.

<sup>1</sup> Bei diesen Renditen handelt es sich um sogenannte Kasszinssätze. Als Kasszinssätze werden Renditen von Nullcoupon Anleihen bezeichnet. Die Schätzung der Kasszinssätze bzw. der Fälligkeits-/Zinsstruktur erfolgt unter Verwendung des erweiterten Nelson/Siegel-Verfahrens (vgl. Erläuterungen im Quartalsheft SNB, 2/2002 S. 64–73).

These yields are so-called spot interest rates, i.e. the yields on zero-coupon bonds. Spot interest rates and/or the maturity/interest rate structure are estimated using the extended Nelson/Siegel procedure (cf. explanatory notes in the SNB's *Quarterly Bulletin* 2/2002 pp. 64–73).

<sup>2</sup> Jahresmittel berechnet aus Tageswerten (bis Ende 1997 für die Kategorien der Spalten 1 bis 7 nur Montags- und Monatsendwerte verfügbar). Annual average calculated on the basis of daily data (until the end of 1997, only Monday and month-end data were available for the categories in columns 1 to 7).

<sup>3</sup> An Stelle der früher publizierten Durchschnittsrendite für Obligationen der Eidgenossenschaft (alle Anleihen) kann der 10-Jahres-Kasszinssatz verwendet werden. Instead of the average yield on Swiss Confederation bonds (all bonds) published previously, the 10-year spot interest rate may be used.

<sup>1</sup> Bei diesen Renditen handelt es sich um sogenannte Kassazinssätze. Als Kassazinssätze werden Renditen von Nullcoupon Anleihen bezeichnet. Die Schätzung der Kassazinssätze bzw. der Fälligkeits-/Zinsstruktur erfolgt unter Verwendung des erweiterten Nelson/Siegel-Verfahrens (vgl. Erläuterungen im Quartalsheft SNB, 2/2002 S. 64–73).

These yields are so-called spot interest rates, i.e. the yields on zero-coupon bonds. Spot interest rates and/or the maturity/interest rate structure are estimated using the extended Nelson/Siegel procedure (cf. explanatory notes in the SNB's *Quarterly Bulletin* 2/2002 pp. 64–73).

<sup>2</sup> Jahresmittel berechnet aus Tageswerten (bis Ende 1997 für die Kategorien der Kolonnen 1 bis 7 nur Montags- und Monatsendwerte verfügbar).

Annual average calculated on the basis of daily data (until the end of 1997, only Monday and month-end data were available for the categories in columns 1 to 7).

<sup>3</sup> An Stelle der früher publizierten Durchschnittsrendite für Obligationen der Eidgenossenschaft (alle Anleihen) kann der 10-Jahres-Kassazinssatz verwendet werden. Instead of the average yield on Swiss Confederation bonds (all bonds) published previously, the 10-year spot interest rate may be used.

<sup>1</sup> Der Totalindex ist das gewichtete arithmetische Mittel der Indizes pro Hauptgruppe bzw. der Indizes der zusätzlichen Gliederungen.

The total index is the weighted arithmetic average of the indices per main category or the indices of the supplementary classifications.

<sup>2</sup> Kerninflation 1 = Total ohne frische und saisonale Produkte, Energie und Treibstoffe.

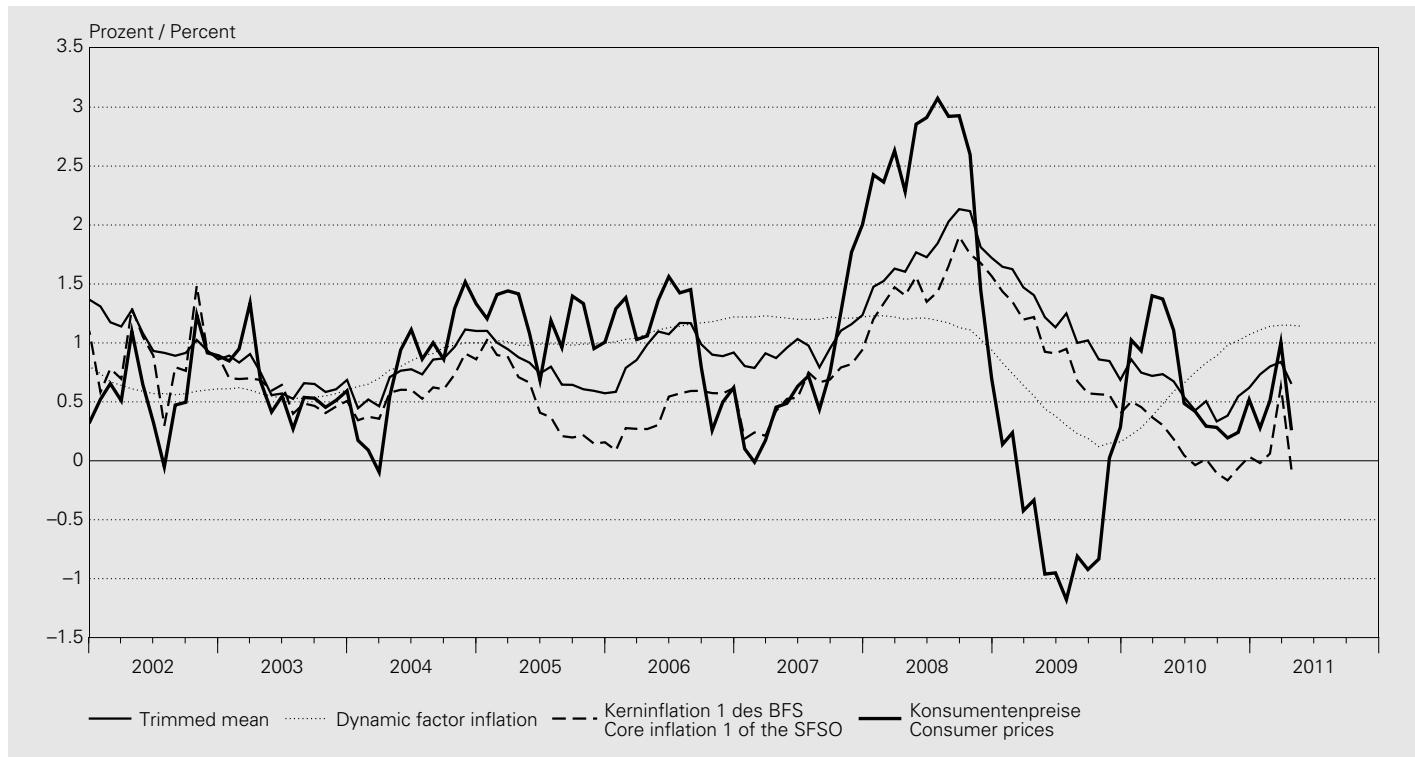

Core inflation 1 = total index excluding fresh and seasonal products, energy and fuels.

<sup>3</sup> Kerninflation 2 = Kerninflation 1 ohne Produkte mit administrierten Preisen.

Core inflation 2 = core inflation 1 excluding products with administered prices.

<sup>1</sup> Der von der SNB berechnete *Trimmed mean* schliesst die Güter mit den stärksten Preisschwankungen nach oben und unten (je 15%) aus dem Landesindex der Konsumentenpreise aus (Methode des getrimmten Mittelwerts). Siehe Textteil des *Statistischen Monatshefts* vom Juli 2002.

The 'trimmed mean' calculated by the SNB excludes the goods with the strongest upward and downward fluctuations (15% in either direction) from the national consumer price index. Cf. commentary in the *Monthly Statistical Bulletin* of July 2002.

<sup>2</sup> Die von der SNB berechnete *Dynamic factor inflation* (DFI) bündelt ein breites Set an Informationsquellen; so werden neben den LIK Komponenten auch realwirtschaftliche Daten und Finanzmarktinformationen genutzt. Siehe Textteil des *Statistischen Monatshefts* vom Mai 2006.

The 'dynamic factor inflation' (DFI) calculated by the SNB bundles data from a wide range of different sources. Apart from components of the CPI, it includes data pertaining to the real economy and the financial markets. Cf. commentary in the *Monthly Statistical Bulletin* of May 2006.

<sup>3</sup> Kerninflation 1 = Total ohne frische und saisonale Produkte, Energie und Treibstoffe.

Core inflation 1 = total index excluding fresh and seasonal products, energy and fuels.

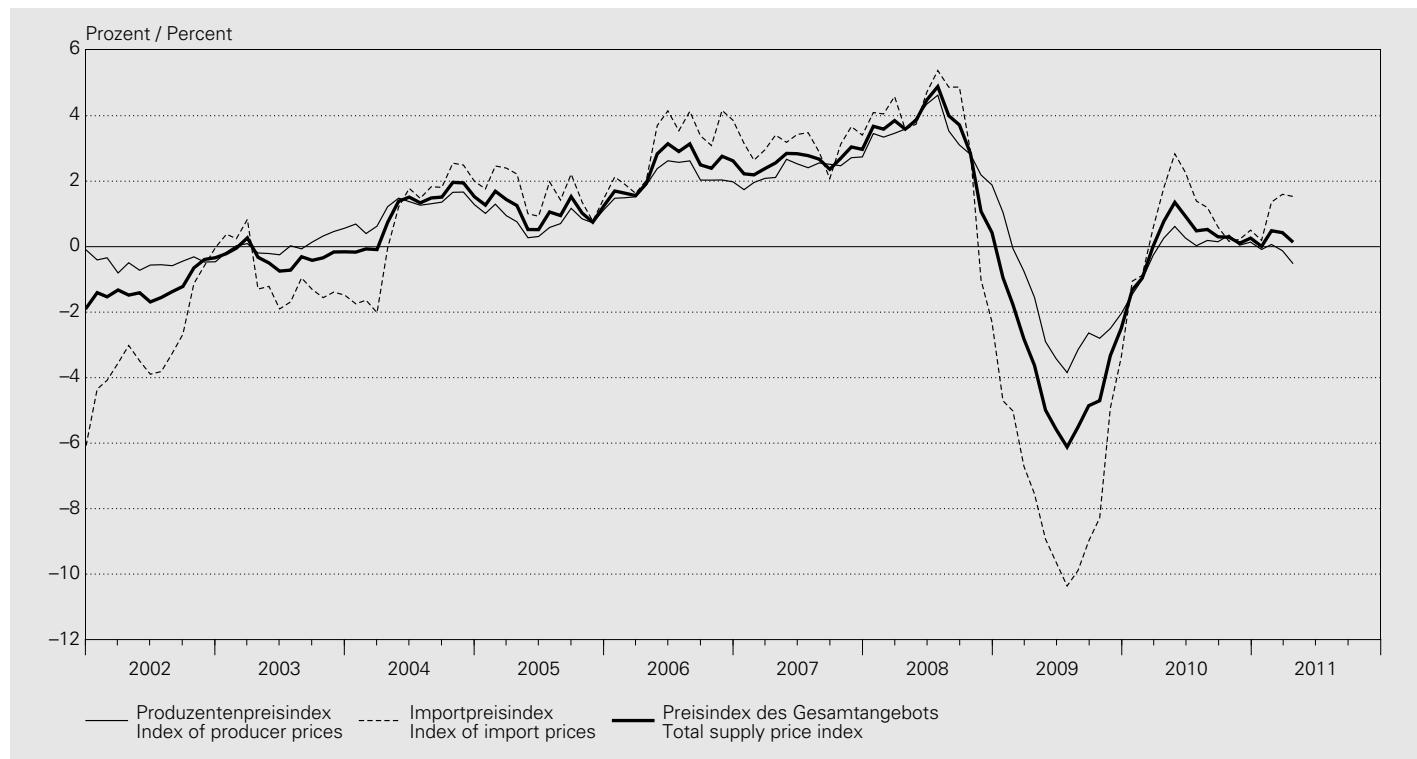

<sup>4</sup> Kerninflation 2 = Kerninflation 1 ohne Produkte mit administrierten Preisen.

Core inflation 2 = core inflation 1 excluding products with administered prices.

<sup>1</sup> Bis 3. Quartal 2005 basierte die Indexberechnung nur auf Angeboten in den Printmedien. Ab 4. Quartal 2005 wurde der Index rückwirkend revidiert. Neu umfasst die Erhebung auch folgende vier Internet-Immobilienplattformen: Homegate, Immoscout24, Immoclick und Immostreet.

Until Q3 2005, advertisements in print media were used exclusively for calculating the index. As of Q4 2005, the index has been revised with retrospective effect. In addition to the previous sources, data collection now covers the following four internet sites: Homegate, Immoscout24, Immoclick and Immostreet.

<sup>3</sup> Seit dem Jahr 2000 werden gemäss den aktuellen Richtlinien des IWF Stromgrössen verbucht. Bis 1999 wurden dem alten Standard entsprechend Bestandesveränderungen ausgewiesen. Dies erforderte eine Gegenbuchung für die nicht transaktionsbedingten Änderungen der Auslandposition. Since 2000, flows have been published according to the current IMF guidelines. Until 1999, changes in holdings were recorded according to the old standard. This required counter-entries for non-transaction-related changes in foreign assets.

<sup>4</sup> Seit dem 1. Mai 2000 verkauft die SNB das für geld- und währungspolitische Zwecke nicht mehr benötigte Gold (Demonetarisierung von Gold). Die Demonetarisierung von Gold wird gemäss den aktuellen Richtlinien des IWF in der Zahlungsbilanz nicht ausgewiesen. On 1 May 2000, the SNB began with the sale of gold no longer required for monetary policy purposes (demonetisation of gold). According to the current guidelines of the IMF, the demonetisation of gold is not shown in the balance of payments.

<sup>5</sup> Ohne Zuteilung von Sonderziehungsrechten.  
Excluding SDR allocations.

<sup>1</sup> Die Hochrechnung kompensiert den Reihenbruch per September 2006, der aufgrund des Anstiegs der Zahl der in der Monatsbilanzstatistik erfassten Raiffeisenbanken entstanden ist. Die Methode der Hochrechnung wird in der Ausgabe März 2007 des *Statistischen Monatshefts* (Informationen zu SNB-Statistiken) beschrieben. Bis August 2006 hochgerechnete Werte, danach effektive Werte.

The extrapolation compensates the break in the series with effect from September 2006, which resulted from the higher number of Raiffeisen banks being included in the monthly balance sheet statistics. The extrapolation method is described in the March 2007 issue of the *Monthly Statistical Bulletin* (cf. Information on SNB statistics). Until August 2006, extrapolated figures are stated. Actual figures are stated thereafter.

<sup>2</sup> Geschäftsstellen in der Schweiz und im Fürstentum Liechtenstein sowie die Filialen im Ausland. 259 Banken im zuletzt ausgewiesenen Monat.

Offices in Switzerland and in the Principality of Liechtenstein, plus branches abroad. 259 banks in the last month shown.

<sup>3</sup> Ab März 2011 nimmt eine Grossbank bei den übrigen Verpflichtungen gegenüber Kunden eine Umteilung vor. Gelder in der Höhe von rund 33 Mrd. CHF (hauptsächlich USD und EUR), die zuvor unter dem Inland ausgewiesen worden sind, werden nun korrekt dem Ausland zugewiesen.

As of March 2011, one of the big banks is carrying out a reallocation of other liabilities towards customers. Amounts totalling some CHF 33 billion (mainly USD and EUR), which were previously stated in the domestic category, will now be correctly allocated to the foreign category.

The figure shown under utilisation is the gross claim. Before November 2001, the balance sheet figure was published. For details, cf. Information on SNB Statistics, *Monthly Statistical Bulletin* of July 2009.

<sup>2</sup> Die Hochrechnung kompensiert den Reihenbruch per September 2006, der aufgrund des Anstiegs der Zahl der in der Kreditvolumenstatistik erfassten Raiffeisenbanken entstanden ist. Die Methode der Hochrechnung wird in der Ausgabe März 2007 des *Statistischen Monatsshefts* (Informationen zu SNB-Statistiken) beschrieben. Bis August 2006 hochgerechnete Werte, danach effektive Werte.

The extrapolation compensates the break in the series with effect from September 2006, which resulted from the higher number of Raiffeisen banks being included in the credit volume statistics. The extrapolation method is described in the March 2007 issue of the *Monthly Statistical Bulletin* (cf. Information on SNB statistics). Until August 2006, extrapolated figures are stated. Actual figures are stated thereafter.

<sup>4</sup> Ab Oktober 2010 wird ein Teil der Hypothekarforderungen, der bisher unter den Privaten Haushalten ausgewiesen wurde, verschiedenen Branchen zugewiesen. Für Details vgl. *Statistisches Monatssheft* vom Dezember 2010 (Informationen zu SNB-Statistiken).

As of October 2010, part of the mortgage claims which had previously been reported under private households has been allocated to various different industries. For more details, cf. December 2010 issue of the *Monthly Statistical Bulletin* (Information on SNB Statistics).

<sup>1</sup> Die Zahlen basieren auf der Monatserhebung. Diese deckt rund 95% des Depotwertes der jährlichen Vollerhebung ab. Per Ende Dezember 2009 wurde der Kreis der meldepflichtigen Institute angepasst. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Die Erhebung unterliegt zudem Umteilungen in der Klassierung von Kunden und Wertpapieren. Weitere Angaben finden sich in den Informationen zu SNB-Statistiken.

Data are based on monthly statistics, which cover approximately 95% of the custody account value established in the comprehensive annual statistics. The reporting population was adjusted with effect from the end of December 2009. Consequently, time series comparisons for some of the data are difficult. In addition, reallocations have been carried out in the customer and securities classifications within the survey. For more details, cf. information on SNB statistics in the *Monthly Statistical Bulletin*.

<sup>2</sup> Die Erhebung der Wertschriftenbestände wurde im März 2005 angepasst. Dabei aktualisierten einige Bankeninstitute die Kategorisierung der Sektoren und der Wertschriften. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig.

Adjustments were made to the reporting of holdings of securities in March 2005, when a number of banking institutions updated the breakdown of their sectoral and securities reporting. Consequently, time series comparisons for some of the data are difficult.

<sup>3</sup> Inklusive Kassenobligationen, kündbare Obligationen, Notes, Wandel- und Optionsanleihen. Ab Dezember 2008 inklusive in Kontenform geführte Kassenobligationen. Including medium-term bank-issued notes, bonds subject to notice of termination, notes, convertible bonds and warrant issues. As of December 2008, including medium-term bank-issued notes managed in the form of an account.

<sup>4</sup> Die Klärung von Abgrenzungsfragen hat zu Verschiebungen zwischen den Obligationen resp. den Anteilen an Kollektivanlagen und den strukturierten Produkten geführt. Ein Vergleich der Daten vor und nach Juli 2009 ist deshalb schwierig.

Clarification of definition issues has led to shifts between bonds and units in collective investment schemes, on the one hand, and structured products, on the other, which makes it difficult to compare data from before and after July 2009.

<sup>5</sup> Inklusive Partizipations- und Genusssscheine. Bis November 2007 inklusive Anteile an kollektiven Kapitalanlagen mit Closed-End-Struktur. Ab Dezember 2007 werden die Anteile an kollektiven Kapitalanlagen mit Closed-End-Struktur unter den *Anteilen an Kollektivanlagen* ausgewiesen. Ab Dezember 2008 inklusive Bezugsrechte. Including participation certificates and dividend-right certificates. Until November 2007, including units in collective investment schemes with a closed-end structure. As of December 2007, units in collective investment schemes with a closed-end structure are shown under *units in collective investment schemes*. As of December 2008, including subscription rights.

<sup>1</sup> Die Zahlen basieren auf der Monatserhebung. Diese deckt rund 95% des Depotwertes der jährlichen Vollerhebung ab. Per Ende Dezember 2009 wurde der Kreis der meldepflichtigen Institute angepasst. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Die Erhebung unterliegt zudem Umteilungen in der Klassierung von Kunden und Wertpapieren. Weitere Angaben finden sich in den Informationen zu SNB-Statistiken.

Data are based on monthly statistics, which cover approximately 95% of the custody account value established in the comprehensive annual statistics. The reporting population was adjusted with effect from the end of December 2009. Consequently, time series comparisons for some of the data are difficult. In addition, reallocations have been carried out in the customer and securities classifications within the survey. For more details, cf. information on SNB statistics in the *Monthly Statistical Bulletin*.

<sup>2</sup> Die Erhebung der Wertschriftenbestände wurde im März 2005 angepasst. Dabei aktualisierten einige Bankeninstitute die Kategorisierung der Sektoren und der Wertschriften. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig.

Adjustments were made to the reporting of holdings of securities in March 2005, when a number of banking institutions updated the breakdown of their sectoral and securities reporting. Consequently, time series comparisons for some of the data are difficult.

<sup>3</sup> Es gelten die folgenden Zuweisungen zu den Wirtschaftssektoren gemäss NOGA Codes vom Jahr 2008: Privatkunden (kein NOGA Code, 97–98), Kommerzielle Kunden (01–63, 68–842, 85–96, 99), Öffentliche Hand (841–842; 85 öffentlich; 871, 879–88, 9101, 9499 öffentlich auf Bundes-, Kantons- und Gemeindeebene; ohne Rechtsformen Verein und Stiftung), Institutionelle Anleger (64–66, 843), Finanzierungs- und Vermögensverwaltungsinstitutionen (642–649, sowie Kollektivanlageinstitutionen (keine NOGA Codes)), Kollektivanlageinstitutionen gemäss KAG (kein NOGA Code), Versicherungen und Pensionskassen (65), Pensionskassen (653), Kredit- und Versicherungshilfstatigkeiten (66), Sozialversicherungen (843).

Allocation to the business sectors pursuant to the 2008 version of the Swiss business classification code, NOGA: private customers (no NOGA code, 97–98), commercial customers (01–63, 68–842, 85–96, 99), public sector (841–842; 85 public sector; 871, 879–88, 9101, 9499 public sector at federal, cantonal and municipal level; excluding institutions with the legal status of association or foundation), institutional investors (64–66, 843), financial and asset management institutions (642–649, and collective investment institutions (no NOGA codes)), collective investment institutions pursuant to CISA (no NOGA code), insurance companies and pension funds (65), pension funds (653), financial auxiliaries (66), social security institutions (843).

<sup>4</sup> Inklusive Kassenobligationen, kündbare Obligationen, Notes, Wandel- und Optionsanleihen. Ab Dezember 2008 inklusive in Kontenform geführte Kassenobligationen. Including medium-term bank-issued notes, bonds subject to notice of termination, notes, convertible bonds and warrant issues. As of December 2008, including medium-term bank-issued notes managed in the form of an account.

<sup>5</sup> Die Klärung von Abgrenzungsfragen hat zu Verschiebungen zwischen den Obligationen resp. den Anteilen an Kollektivanlagen und den strukturierten Produkten geführt. Ein Vergleich der Daten vor und nach Juli 2009 ist deshalb schwierig. Clarification of definition issues has led to shifts between bonds and units in collective investment schemes, on the one hand, and structured products, on the other, which makes it difficult to compare data from before and after July 2009.

<sup>1</sup> Die Zahlen basieren auf der Monatserhebung. Diese deckt rund 95% des Depotwertes der jährlichen Vollerhebung ab. Per Ende Dezember 2009 wurde der Kreis der meldepflichtigen Institute angepasst. Aus diesem Grund ist ein zeitlicher Vergleich der Daten zum Teil schwierig. Die Erhebung unterliegt zudem Umteilungen in der Klassierung von Kunden und Wertpapieren. Weitere Angaben finden sich in den Informationen zu SNB-Statistiken.

For more details, cf. information on SNB statistics in the *Monthly Statistical Bulletin*.

<sup>1</sup> Bis 3. Quartal 2005 basierte die Indexberechnung nur auf Angeboten in den Printmedien. Ab 4. Quartal 2005 wurde der Index rückwirkend revidiert. Neu umfasst die Erhebung auch folgende vier Internet-Immobilienplattformen: Homegate, Immoscout24, Immoclick und Immostreet.

Until Q3 2005, advertisements in print media were used exclusively for calculating the index. As of Q4 2005, the index has been revised with retrospective effect. In addition to the previous sources, data collection now covers the following four internet sites: Homegate, Immoscout24, Immoclick and Immostreet.
